

ADVANCE CARE PLANNING; HOW TO SHARE WHAT GIVES YOUR LIFE MEANING

Thursday, April 11, 2024 | 12 - 1 p.m.

Understanding comes from knowing and Advance Care Planning is something that many have heard about, but few have done. This webinar will explain what Advance Care Planning is, why it is important for everyone, especially when we are well. Palliative Care also will be explained and the role it has in helping those with serious illness make decisions and have difficult conversations to be sure each person's wishes are followed for their care.

LEARNING OBJECTIVES

- ♥ Understand what Advance Care Planning is and why it is important for all of us.
- ♥ Understand how to share your wishes by completing available documents.
- ♥ Understand what Palliative Care is and how it can help in making difficult health care decisions and also help to have difficult conversations.

MEET OUR PANELIST

Elizabeth L. Golding, DO, Medical Director, Cone Health Palliative Care Services

Dr. Golding is the Medical Director for Palliative Care Services at Cone Health. She is board certified in Internal Medicine and Hospice and Palliative Medicine. She is leading a vibrant and collaborative community of professionals who are working at the front lines to improve care for our sickest and most complex patients.

Dr. Golding has special interests in clinical empathy, complex patient-provider communication, population health and serious illness management. She mentors internal medicine residents and provides several highly interactive teaching sessions using role play and video performance feedback on how to have difficult conversations with patients and families. Dr. Golding currently serves on the North Carolina Institute of Medicine Serious Illness Task Force and is leading state and local initiatives to make patients' advance directive documents and preferences for treatment easily accessible across health care settings.

MEET OUR MODERATOR

Risa Hanau, LCSW, Clinical & Community Educator at AuthoraCare Collective

Risa Hanau, LCSW, is the Clinical and Community Educator at AuthoraCare Collective. Risa is a seasoned presenter and teacher in the area of end of life and ethics. She is a member of the Cone Health Ethics Committee. She is a Licensed Clinical Social Worker by training and holds a Master of Social Work from The University of Pennsylvania.
