

Senior Center With Out Walls

Caswell Senior Services is working on a year- long plan to offer programs throughout the county. We want to bring various educational programs, exercise programs, computer programs, craft classes, etc... into the various communities across Caswell County. We want to show Caswell Senior Adults what there is to offer at The Caswell Senior Center.

If you or a group who meet at their church, local community center, or Ruritan Club would be interested in talking about what we could offer at your “place” give Brenda Williamson or Jeannine Everidge a call at 336-694-7447.
